

SOCIETY OF PETROLEUM GEOPHYSICISTS, INDIA

(Regd. No.: 746/ 1992-1993)

File No: SPG/Geohorizons/2017

Date: April 7, 2017

Dear Members,

Society of Petroleum Geophysicists, India, on a regular basis, publish its half yearly journal "Geohorizons", which is a prestigious journal and has a wide circulation and readership among the academia and E&P professionals of hydrocarbons sector in India. With a view to take a green initiatives by using less paper in the publication of Geohorizons, SPG is planning to launch an e-version of Geohorizons.

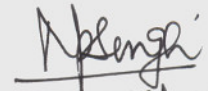

This idea can strongly fulfill the need of green environment with less paper usage in the current scenario. This can also help in time and cost cutting during publication of Geohorizons in the form of hard copies and postage.

Your valuable comments and feedbacks will be of immense help to SPG, India to take an early decision in this matter.

I also request all members to kindly give their consent if they are willing to have e-version of Geohorizons through e-mail.

Looking forward for your kind response in this regard.

With best regards,

07/04/17

(Dr. N P Singh)
Secretary, SPG, India
