

Vadodara Chapter of SPG conducts a Technical talk on 26.3.2015

Vadodara Chapter of SPG conducted a talk on "Frequency Dependent Reflectivity & DHI" by Mr S K Das former ED, ONGC and President of SPG, India. The talk was delivered on 26.3.2015 in the NegiBhavan conference hall and was attended by many geoscientists including Basin Manager and patron of the chapter Mr G C Katiyar. There are several methods developed and used as a tool for DHI like AVO, bright and dim spot etc. He discussed the new methodology of DHI through frequency dependent reflectivity. Compering was done by Mr KilaruKarthik, executive member, SPG, Vadodara Chapter and vote of thanks was proposed by Mr P R Mishra, Secretary of APG, Vadodara Chapter. Mr K P Singh, Secretary of the Vadodara Chapter made the announcement about the ensuing SPG conference in Jaipur and requested the G & G community to write good number of quality papers.

Mr S K Das being felicitated by Mr G C Katiyar and Mr K P Singh making the announcement

Mr KilaruKarthik compering the program and speaker Mr S K Das, Mr G C katiyar, Mr S K Panigrahi and Mr Arun Kumar in a deep discussion.
