

## Acknowledgements:

Authors express their sincere thanks to **Shri.R.K Srivastava**, Director ( E ) for his support & according permission to publish this paper. Authors are grateful to **Shri.H.Madhavan**, GGM, Basin Manager, Western Onshore Basin, Baroda for his valuable guidance, suggestions and help during the execution of work and whole hearted encouragement and support in making this paper. Authors also express their thanks and gratitude to ISR Team , Asset team and Geophysical services for providing the data. Authors express their thanks to all Block-III team members and RCC processing team.

This paper strictly follows the guidelines mentioned in SPG. *Views expressed in this paper are that of the author(s) only and may not necessarily be of ONGC.*
