

SPONSORSHIP

ROLE OF GEOSCIENCES IN CARBON STORAGE

19–21 Mar '24 • Mumbai, India

SYMPOSIUM DESCRIPTION

Despite the importance of CCS for achieving clean energy transitions, its deployment has been slow to take off in different parts of the world. There are only 20 commercial CCS operations worldwide, although hundreds will be needed globally to achieve net zero targets. CCS activities have been prioritized and implemented in several developed nations; however, many countries in Asia (including India), Central and South America and Africa have no CCS activities besides a few exceptions. In India, momentum for sustainable energy and CCS research activities increased after the Prime Minister declared the Net Zero target as 2070. Thus, the time is right to invite experts from across the globe to exchange ideas and learn from each other's experiences, and the Symposium will be a platform for such collaborations.

BECOME A SPONSOR

Sponsorship opportunities are available for this highly anticipated symposium. For more information regarding sponsorship opportunities, contact Suba Jaganathan at sjaganathan@seg.org

Due to security concerns, please do not email your credit card details.

SPONSORSHIP PACKAGE	Platinum	Gold	Silver	Bronze	Ice Breaker	Attendee Gifts	Lunch (Per-Day) (10 seats)	Table Top Exhibition	Student Registration (3 Students)	Coffee Break (Per-Day)	Session Sponsor
