

SPG, India Organized a Technical Webinar on 12th March 2021 at Dehradun

A technical webinar was organized by SPG, India on “Expanding Exploration Horizons: Endowments, Challenges and Opportunities” on 12th March, 2021 by Dr. Harilal, Ex. ED, ONGC.

The technical webinar highlighted through different aspects of geosciences like gravity modelling, thin beds delineation using seismic attributes, remote sensing studies etc. focusing conventional as well as non-conventional hydrocarbon exploration. He emphasised on looking for new frontiers of exploration for hydrocarbon and also expanding our horizons beyond our conventional concept such as sediments below what used to be considered as technical basement (example Kutch Basin).

The webinar session was attended by the members of SPG-India from all over the country and other Geoscientists of KDMIPE, GEOPIC, Frontier Basins and professors and students from different Institutes. The lecture was well appreciated by all the participants and praised by one and all for its contents and thoughtful discussion provided by the presenter. During the webinar session participants actively participated on discussion and asked various question related to the webinar.

Earlier, Shri Shiv Kumar Sharma, President SPG-India gave the welcome speech. The vote of thanks was given by Shri C B Yadava, Vice President, SPG India. The entire webinar session was coordinated by Shri Shashwat Shubhra, Executive Member, SPG-India.
