

SPG India at International Conferences

SPG India has been participating in various conferences of International level like SEG, EAGE etc. In the last **EAGE Conference & Exposition** held at Vienna, Austria from 22nd May to 26th May, 2011, SPG executive member Indrajit Dasgupta attended and managed the stall of SPG, India. The prime objective of participating in these conferences is to spread and promote the functioning of SPG India, its contribution to the development of Geo-sciences through its year round technical activities of the local chapters, publication of various technical papers in its journal "Geohorizons" and biennial International Conference & Expositions being held in India.

The response of the visitors in the SPG India stall at the EAGE Exposition was extremely encouraging. The wide range of visitors included professionals from various

industries, E & P Companies, University faculties, students and business managers.

2nd South Asian Geosciences Conference and Exhibition "**GEO India 2011**" organized by AAPG & APG was held during 12-14 January, 2011 at Greater Noida, Delhi. SPG, India set up a booth (stand No. 533) at "GEO India 2011" conference. SPG in the booth depicted its activities and aims to promote Geophysics in India through various posters, journals and video clips of symposia and seminars on the emerging technologies and other crucial E & P themes. The response from the visitors was overwhelming. The visitors included almost the entire gamut of industry spanning from students, faculty, E&P industry professionals, business managers etc.

Mr. Indrajit Dasgupta, representative from SPG, Ahmedabad, Chapter in the SPG stall at EAGE conference with the visitor in the Stall.

Shri A. Saha, president SPG - India, Shri K.M. Shukla, Secretary SPG- India, Ms. Suman Sharma, Office Executive SPG India alongwith other member in SPG Stall at GEO- India 2011
