

Technical Lecture and Workshop at SPG India, Ahmedabad Chapter

SPG Ahmedabad Chapter organized a technical lecture program on the topic “**Full Waveform Inversion**” by the renowned **Prof. of Cambridge University, Dr. Satish Singh**. The lecture was organized successfully on 25th Jan, 11 at IRS, ONGC, Ahmedabad. Dr.RVMarathe, ED-HOI, IRS, ONGC inaugurated the session The contents of the lecture followed by lively interaction of the participants made the lecture a resounding success.

Due to the active involvement of participants and their enthusiasm the faculty was kind enough to deliver

another lecture on “**Great Sumatran Earthquakes: Results from new marine studies**”. The second lecture generated lot of interest and curiosity amongst participants as the topic touched upon an Indian example of Bhuj earthquake and also the utility of long-offset imaging in tectonically complex area.

SPG Student Chapter at Pandit Deendayal Petroleum University organized workshop on Women Empowerment on 28th April, 2011. SPG, India sponsored the workshop. SPG also nominated its member Ms. Kusumita Arora of NGRI as one of the invited lecturer at the workshop.
