

SPG Student Chapter, PDPU Gandhinagar, Organised Technical Discussion

SPG Student Chapter at PDPU Gandhinagar organized by “Technical Discussion” in association with PDPU SPE Student Chapter on 14th October, 2015. The speaker Mr. Deepak Chaudhary, a alumni of PDPU, is IWCF certified driller presently working with Schlumberger at Iraq. The session received an overwhelming response. The focus of this event was to provide an insight to the students about career in drilling. Mr Deepak initiated the discussion with his path of becoming a driller. He also talked about various certifications required to be a driller, the institutes providing courses related to drilling and also for the growth of individual in this domain with work experience. Around 80 students took part in the discussion. Few of the attendees had some doubts and interesting points to discuss, Mr. Deepak Chaudhary clarified their doubts too. Hence, the discussion was quite successful.

The event landed up with enlightening the students about the need of building contacts within the industry. Mr Deepak shared his personal experience about how he first joined the local industry and through his contact building skills, he was

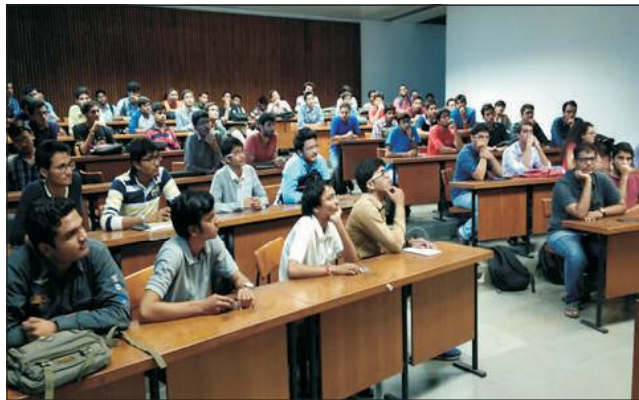

successful in entering one of the dream companies for petroleum i.e. Schlumberger. Overall the event helped the students to develop confidence within them and not to lose hope in such competitive and declining market trends.

Further he introduced the students to his venture of conducting a course in drilling which he is planning to start from next year. Intellectuals from many well-known companies are also associated with this course. They would also provide free internships and demo courses for few institutes.

As requested by the students, we are organizing technical lectures for complete course on Directional drilling/Conventional drilling/Well control in month of January, 2016. Enthusiasm from the student side to attend the lectures were quite overwhelming and students are looking forward to a successful technical lectures and having association with with Mr Deepak in future, which will help in direct or indirect way for their career growth.

Mr. Deepak Chaudhary sharing his experiences
